

Multilevel Regression and Generalized Linear Models

Models for Scalar Data (linear regression)

1. 1.data.R (linear model)
2. 2.data.R (polynomial)
3. Walk through `get_sampler_params()`

Models for Discrete Data

1. 3.data.R (logistic regression)
2. 4.data.R (ordered logistic regression)

Hierarchical Logistic Regression

1. 5.data.R
